Volunteers wishing to volunteer more than just a one-time event are required pass a local and level two background screening will that be an issue?

**If you plan to volunteer no more than 10 hours a month, you will need to obtain a local background screening and bring that into the office at your interview. If you volunteer over 10 hours a month, you must have local and level two background screening. Level two screening is \$65.50 and volunteers must pay before scheduling their screening. You can inquire about this at our office during your volunteer interview.

Once you have answered these questions we can better assist in matching you to an opportunity. Please email this form to Amanda Padgett, padgetta@girlsincjax.org or mail to Girls Inc.
