AN INITIATIVE OF  
GUYS DEDICATED TO  
EMPOWERING AND  
SUPPORTING ALL GIRLS

# ALL GIRLS need

our support to thrive

In the world today, it takes a village to educate, empower and prepare a girl to reach her full potential and to be prepared to lead with her male counterparts.

**Guys4Girls** is a village of boys and men whose mission is to advance gender equality, debunk harmful female stereotypes, and empower girls to succeed and thrive throughout their entire lives.

Founded by local Jacksonville business man, Jack Allen, this initiative promotes a vision of equal human rights and opportunities for all, as well as a society that values and celebrates the voices and the unique qualities of all girls and women.

Guys4Girls establishes partnerships with organizations that provide comprehensive, high quality programs to girls from low income communities in grades K-12 that have a strong track record of promoting the development of empowered girls.

Working in collaboration with girl-serving villages, Guys4Girls seeks to add the voices of boys and men as a critical component of girls' short and long-term success strategies. In every girl-serving market it reaches, Guys4Girls strives to challenge men and boys to examine their own thoughts, beliefs and gender stereotypes that may lead to the disempowerment of girls.

From this position of knowledge, they help create a mutually inclusive, equitable and empowered world that works for all.
