What is Girls Inc.?

Girls Incorporated was founded in 1864 to give confidence and provide resources to girls from lower socio-economic families. Nationally recognized since 1945, Girls Incorporated has focused its efforts on responding to the changing needs of girls in local communities and helping to break generational cycles of welfare, poverty and violence. The mission of Girls Incorporated is to provide children grades K–12 with the skills they need to be Strong, Smart and Bold in three key areas:

- Healthy Living (Strong)
- Academic Achievement (Smart)
- Life Skills (Bold)

Working in partnership with our local education system, foundations and donors, community businesses and stakeholders, and families, the Girls Incorporated experience focuses on the

development of the “whole girl” through the delivery of age and developmentally appropriate research-based curricula by trained, mentoring professionals in a positive all-girl environment.

Academic achievement; reading literacy; the ability to manage stress and lead healthy and physically active lives; avoidance of risky behaviors; money and financial management; successful navigation of negative media gender messages and stereotypes; and discovery of an interest in science, technology, engineering, arts and math (STEAM) are all Girls Incorporated program priorities. We believe that Girls Incorporated helps break generational cycles of poverty by ensuring all children graduate from high school and are prepared to attend post secondary education or successfully transition into the 21st century workplace.

Girls Inc. of Jacksonville

Girls Incorporated of Jacksonville is one of eighty-five affiliate organizations in the United States and Canada that has been serving any child that attends a Title 1 school in Duval County who identifies as a girl since 1970. Currently, we serve approximately 800 children in grades K—12 during the academic year and in summer camp programming. Program priorities have included reading literacy, teen pregnancy and substance abuse prevention, positive body image, and introduction to STEAM careers and opportunities.

We provide a pipeline of programs and services for children in grades K-12 to ensure children are educated, healthy, and self-sustaining, and can live independently. One hundred percent of the children we currently serve in Duval County public elementary schools are from lower income communities and are eligible for the free or reduced-rate lunch plans at their schools.

A significant body of research strongly suggests that elementary school students who receive systematic and ongoing transition programming benefit both academically, socially, and emotionally, and have easier times navigating the middle school transition than students who receive no transition programming. The mission of Girls Incorporated is to develop the “whole child” through attention to the social, emotional, physical and cognitive spheres of normal youth development.

A menu will be posted in the cafeteria and will be sent home with your child, upon request, should you wish to provide an alternative. Unfortunately, food that requires heating is not permitted, as Girls Inc. does not have access to refrigerated space and students and staff do not have access to microwaves or ovens to heat food items.

If your child is celebrating a birthday and you would like to provide cupcakes/snack items and drinks, we welcome you to do so. Please notify Girls Inc. staff ahead of time to ensure that you have enough food for each child. If you want to provide special holiday snacks, you may do so as well. All food and drink items must be pre-packaged and without a broken seal. Home-baked goods and unsealed items are not permitted per Duval County School regulations.

SIGN OUT PROCEDURES/PICK UP

Sign Out:

When you or another authorized person comes to pick up your child, you must sign them out and note the time of pick up.

Only those you placed on the application are authorized to pick your child up each day. You and/or other authorized persons will be asked to present proper identification when picking up your child. Only valid state or federal picture ID's will be accepted. (Driver's license, passport, military ID, etc...) ***Changes to authorized persons must be made in writing. For Summer 2022, please send to the afternoon Girls Inc. Site Lead, Maliri Kelting, at mkelting@girlsincjax.org.***

If an emergency arises and a person not listed on your application will be picking your child up, we ask that you call the Girls Inc Site Lead to inform us immediately. This person must be **18 years of age** and present identification or a staff member may call you to verify that the proper person is picking them up. An email must also be sent to the Elementary Program Manager indicating the change in approved pick up persons. **The email must include the new approved pick up person's name, the name and phone number of the parent or guardian, and the child's name and grade.** Please email Angie Kite at akite@girlsincjax.org.

Please know that these guidelines are set in place for the safety of your student.

Summer 2022 Pick Up:

Unless otherwise informed, students must be picked up in the school's front car circle at 3:30pm each day. Girls will be released from the Parkwood Heights Elementary Cafeteria. Parents must meet the School Resource Officer at the door to sign out their child each day. A Girls Inc. of Jacksonville staff member will call for your child via radio and will escort your child to you in your vehicle.

If you choose to pick up your child early (Before 3:00pm) you must give Girls Inc. Site Lead, Maliri Kelting, a 24 hours' notice prior to the date of early pick up.

In case of an emergency, please call the Site Lead on duty (Angela Webb - AM and Maliri Kelting - PM) prior to pick up. **We ask that parents do not pick up before 3:00pm.** We want to maximize the impact our curriculum will have on your child. Picking your child up early disrupts your child's progress. Students that are consistently picked up before 3:00pm will be dismissed from the program to allow another student to fully benefit from our services.

Reminder that after **THREE** late pickups she will be removed from the program.

Summer 2022 Attendance:

Your child is expected to attend every day for a minimum of 5 hours each day unless a doctor's note is presented in order to maintain their spot in the program. 1.09 (ZZZ) Unauthorized Use of Wireless Communication Devices or Cell Phone – Possession of a wireless communication device is not an infraction of the Code of Student Conduct. However, it is an infraction of the Code of Student Conduct when the possession of a wireless communication device disrupts the educational process. This includes the unauthorized use of a wireless communication devices to capture images or recordings without permission during school hours and/or the unauthorized use on school buses in the absence of an emergency concerning safety-to-life issues (defined as a bus accident, mechanical breakdown which delays the normal route, and/or thirty (30) minutes or more in a route delay). NOTE: If students possess a wireless communication device, it must be turned off and kept out-of-sight inside a pocket, book bag, purse, or similar container, unless authorized by the Principal/designee or teacher. It is the expectation that parents/guardians should only contact students through the school office during school hours. Violation of this policy will result in confiscation, and the device will only be released to the parent/guardian or student based on discipline matrix. Progressive discipline will apply for repeated infractions. School Board employees or agents will not be held liable for wireless communication devices that are lost, stolen, or confiscated. Florida Statute 1006.07 (2)(e) requires school districts to notify parents/guardians that students who use wireless communication devices in the commission of a criminal act may face school disciplinary action and/or criminal penalties. During district and state assessments, students may not have any electronic or recording devices, including but not limited to, smartphones, tablets, personal computers, tablets, cell phones, or electronic games, in their pockets, at their desk or anywhere they can reach them, before, during, or after the testing session. Possession of any electronic device that reproduces, transmits, records, or calculates (except for the state approved calculator), will result in the student's test being invalidated.

Families understand that they play a crucial role in keeping everyone in the programming safe and reducing the risk of exposure by following the practices outlined herein.

Families further understand that to the extent that they cannot follow or will not be able to follow the above described procedures, or any and all other procedures or policies imposed by Girls Inc. in response to the COVID-19 Public Health Emergency, Girls Inc. reserves the right to take reasonable actions to ensure the safety of the students and employees, including, but not limited to, requiring my child to not attend programming for a determined period of time, or, in extreme cases, removing my child from enrollment in the programming.
